PROFILE

Informatics Engineering student at Universitas Islam Negeri (UIN) Syarif Hidayatullah Jakarta with a strong interest in cybersecurity, web development, and information technology. Has completed multiple training programs in cybersecurity and possesses strong analytical skills. Highly motivated, self-directed learner with a responsible attitude and the ability to work effectively both independently and in team environments. Actively seeking internship or entry-level opportunities in the IT field.

PROFESSIONAL EXPERIENCE

Full-Stack Web Developer

Pusat Karier Uin Jakarta

01/2026 – 08/2026

Ciputat, Banten, Indonesia

Developed a responsive university career portal using Next.js, React.js, and Tailwind CSS, translating Figma designs into functional web interfaces.

Designed and managed a relational database using Supabase (PostgreSQL) to support structured storage and retrieval of application data.

Built an administrative dashboard for managing company approvals, student counseling requests, and university announcements.

Junior Cybersecurity Penetration Tester

VINIX7

02/2026 – 06/2026

remote

Participated in an intensive cybersecurity internship program, focusing on practical penetration testing methodologies.
